Flange Ignition Coils with integrated Primary Lead

For use with WAUKESHA® ESM Gas Engines

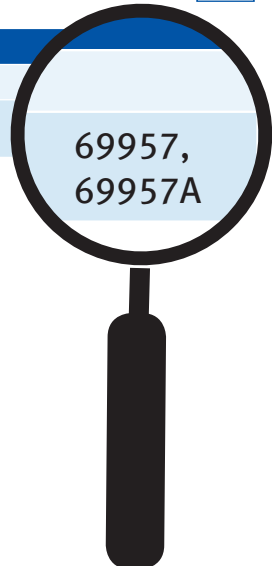

Based on its known flange ignition coils, MOTORTECH offers a series with integrated primary leads. Different configurations with 90-degree and 180-degree 2 pole and 3 pole connectors are available to connect the ignition coil directly to a wiring rail or to replace OEM parts in the field.

For specifying the correct cross references please refer to MOTORTECH Product Guide Rev. 03/2017 or Product Guide Chapter 02 Ignition Coils Rev. 03/2017.
